AVAILABILITY

Available immediately. Looking for a position worldwide, as Web Developer & UI Designer / Lead Web Developer. Legally able to work across EU. Opened to Full-Remote only for North America.

PROFILE

Design, development, management and organization, that is my definition of IT.

By nature, I have perseverance, and I'm rigorous, enthusiastic, never fully satisfied, and always listening. I began web development at 12, which is now my preferred field. I am currently a French CS Engineer. I'm trained to develop innovative websites in modern languages. I train myself with a lot of online trainings, because Front-End technologies change every day.

Passionate about IT, but also aeronautics and music creation, I am interested in innovation in multiple fields, which permits me to learn new things about them!

EXPERTISE

Solid experience in Web Development (first professional website in 2006), concerned about Accessibility, Performance, Responsiveness. Strong knowledge of both Graphic and UI Design.

EXPERIENCE

Graphic & UI Designer
TC Gannay / 2019 (3m) / Remote
Adobe Xd Inkscape
